

MOHAMED RABI ANDALOUSSI

FULL STACK DEVELOPER

I am a versatile and passionate Full Stack Developer with a passion for creating innovative and user-friendly applications. Strong problem-solving abilities and a keen eye for detail. Eager to contribute to a dynamic development team and make a meaningful impact in the tech industry.

SKILLS

- Front-End: HTML, CSS JAVASCRIPT, REACT
- Back-End: JAVA, C#, ASP.NET, PHP, XAMPP, MySQL
- Dev Tools: Git/Github, Postman, IntelliJ, VSCode
- Amazon Web Services

EDUCATION

FULL STACK DEVELOPER

John Abbott College - 2023

EXPERIENCE

NUTRITION AND WORKOUT TRACKER

Built a fully function fitness app using HTML, CSS and React. The app includes features such as custom workout tracking and nutrition tracking.

SOCIAL MEDIA APP

Built a social networking platform using Java to connect users and facilitate communication and interaction. The projects encompassed both front-end and back-end development, utilizing various Java technologies and frameworks like SpringBoot.

STOCK MARKET WALLET

Built a fully functional stock market wallet using PHP. It included features such as user login/registration system to securely store user data. It also incorporated many other technologies such as Bootstrap, MySQL and the use of API's.
